DETAILED ACTION

*PAPERS RECEIVED*

1. The Information Disclosure Statement filed is acknowledged.
2. The Amendment and Remarks filed are acknowledged.

*CLAIMS*

3. The claims are: 15 to 33.

*REASONS FOR ALLOWANCE*

The following is an examiner's statement of reasons for allowance:

4. The primary reason for allowance of the claims is the inclusion of *non-crystallized glass* as the magnetic recording medium substrate in all of the claims. The art, exemplified by Zuo et al, though teaching the desirability of a the claimed specific modulus does not fairly suggest the specific modulus for a *non-crystallized glass* magnetic recording medium substrate; in addition, art exemplified by the newly cited Kataoka et al, though teaching the inclusion of  $Li_2O$ , does not suggest the presence of  $Li_2O$  in the narrow range of the instant claims for a *non-crystallized glass* portion of the magnetic recording medium substrate nor does it fairly suggest a specific modulus for a *non-crystallized* portion glass of a magnetic recording medium substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### CONCLUSION

5. The claims are 15 to 33.

- All claims have been allowed.
